Puppet Show on Swami Vivekananda

The main focus of the 150th Birth Anniversary Celebrations of Swami Vivekananda has been to spread the character-building and man-making message of Swami Vivekananda among the youth of this country. This initiative of portraying the stirring incidents of Swami Vivekananda's life through a puppet show is an effort to reinforce these messages to the people of the country.

The show brings out some of the most inspiring anecdotes in Swamiji's life in a lucid way.

The puppet show has been created by the internationally renowned Bharatiya Lok Kala Mandal of Udaipur under close guidance of the Ramakrishna Mission, New Delhi.

The puppet show will travel to around 100 centres all over the country in the next two years to reach out to the youth.
